

ISLAMIC PRIMARY SCHOOL
NOTICE
Visual Arts Online (ZOOM) Lesson Arrangements

E/IC/SC/20/64
22nd December, 2020

Dear Parents,

During the face-to-face class suspension period, Visual Arts teachers will adjust teaching contents according to student's ability. Teachers use a wide range of learning resources, such as briefings, video clips, teaching demonstrations, appreciation of famous paintings, etc., to teach students in real-time classrooms (ZOOM) and encourage them to practise at home. Based on safety concerns, 3D works that require scissors and cutting tools will not be included in real-time classroom sessions (ZOOM) for the time being. Class contents will include graphic creation, paintings, short film appreciation and discussions. During each Visual Arts lesson, teachers will give students time to create so that they can enjoy painting at home. Teachers will finish classes 10-15 minutes early to provide students enough time to tidy up and prepare for their next lesson.

Parents should remind their children of the following safety measures and precautions when conducting real-time (ZOOM) Visual Arts lessons:

- Parents need to arrange a suitable environment for students to take Visual Arts lessons, including a table and mat to put the supplies on
- The home environment should be kept clean and tidy
- Work should be completed according to teacher's instructions
- After class, students need to tidy up their Visual Arts supplies and clean their hands thoroughly
- Please wait for paintings to completely dry before putting them into the Visual Arts bag
- During real-time lessons, students should turn on the video to enable teachers to teach and interact with them and provide them with immediate guidance and feedback

After the resumption of face-to-face lessons, parents are asked to remind their children to bring back their Visual Arts bags and paintings back to school. If you have any enquiries, please contact your child's class teacher.

Yours sincerely,

Ng Sui Lan
Headmistress
