NOTICE

(A) Student Attendance Policy

(B) Student Behaviour on School Buses and Other Public Transport

E/IC/SC/19/15
4th September, 2019

Dear Parents,

Please read and respond to the following notices:

(A) STUDENT ATTENDANCE POLICY

1. Students are required to attend school on a regular basis.
2. It is recognized that from time to time students will be absent from school due to illness or some unforeseen circumstance beyond their control.
3. Should a student be absent, parents are to contact the school by phone advising of the absence.
If students have to apply for over 2 days leave(non-sick leave), parents should come to school with documents as reference. Application for non-sick leave is not accepted. If parents insist on traveling as the reason for leave there will be a record that may affect the student's conduct mark.
4. Parents of students absent without having a parent/guardian contacting the school will be contacted by school personnel to confirm the student's absence.
5. Students absent due to contagious disease will be required to provide a medical certificate from a physician stating that they are able to return to school. Students will not be re-admitted without such documentation.
6. Students absent thirty percent(30%) of a school term or more will not be allowed to write term examinations. Parents will be advised in writing of the attendance concern and the consequences of absenteeism.
7. Absenteeism exceeding thirty percent (30%) in any term will affect students' progress in other ways. Accordingly, parents must be aware that it may result in a student not being promoted to the next grade. Should this situation arise, parents of the student in question will be advised in writing and given a request to meet with school personnel.
8. Students who are absent during any portion of the exam period will be required to write the missed exam(s) during the three days following the exam period. Please note that there are circumstances where this might not be possible, and each situation will be judged individually. Should the student not write the missed exam, the parents will receive a letter from the school, detailing this concern and invited to meet with school personnel to address the problem. It should be noted however, that failure to write an exam will influence the promotion to the next grade level.
9. For P6 students in particular, completion of all exams is very important. Students who miss any subject area exams risk not graduating or receiving their graduation certificates.
10. Exceptional circumstances do exist. Considerations requested will be judged on an individual basis.

It is my hope that you will work with the school to ensure regular attendance. If you have any questions or require clarification for your particular situation, please do not hesitate to contact me. Our staff will be pleased to meet with you to ensure your child's successful attendance.
