

**ISLAMIC PRIMARY SCHOOL  
NOTICE**

**Early Identification and Intervention Programme for  
Primary One Students with Learning Difficulties**

E/IC/SC/22/83  
8<sup>th</sup> December 2022

Dear Parents,

For the period from 8 December to 7 January every academic year, the school conducts diagnostics to identify P.1 students at risk for learning difficulties. Teachers will complete the Observation Checklist for Teachers (OCT) developed by the Education Bureau for this purpose. The student support team of the school holds consultation meetings with the teachers of P.1 classes and related personnel (including the school-based educational psychologist) to analyze the results of the OCT of individual students and arrange early support for those in need. During this time, the school-based educational psychologist may collect learning information on individual students for the purposes of consulting with teachers. Our teachers may also contact parents to obtain information on the child's schooling background, physical condition, etc. You can contact the class teacher if you think your child has difficulty in learning and would like the teachers to follow up on his/her learning and complete the OCT for him/her. We will contact parents individually in March to inform them of the identification result and the follow-up arrangements for their child.

Should you have any enquiries, please contact your child's class teacher.

Yours sincerely,

Ko Tak Yin  
Headmistress
