Headmistress Message

These past two school years have been extraordinary. The COVID-19 pandemic has impacted every aspect of our lives and brought about a new normal. It is expected that the coming academic year 2021-2022 will also be fraught with change. Rapid changes brought by the pandemic have in turn brought about dramatic changes in students' learning goals and learning modes. New norms have been created in education wherein all of us have had to adapt to blended education. Students are also spending more time on self-directed learning. By actively engaging in self-directed learning and integrating it with teacher guided learning in class, students will develop a more active, positive learning attitude. Adapting to the new learning and educating norms, teachers have striven to optimize student learning through adjusting their teaching content to cater for a diversity of student learning needs on the e-learning platform.

We all know that technology has made learning much easier and more accessible. Schools and classrooms are no longer always the best or only places for learning. However, teachers and schools do help students reach their full academic and human potential, and, more than that, I believe schools are also responsible for educating our young generation on the values of how to fit into society. Our values-based education inculcates students social and emotional being with positive social values.

Headmistress Message

All classes at school resume on a half-day basis from 24th May. Our students are excited to get back to school and have face-to-face lessons with their teachers and classmates. We would like to express our heartfelt thanks for parents' continued support and understanding during these difficult times. Teachers and parents still need to pay close attention to the emotional well-being of our children and provide support to them during this period. We may face new challenges and difficulties ahead with the COVID-19 outbreak, but by keeping a positive attitude coping with the changes and overcoming adversity, our students will learn and grow a lot.

After engaging in the field of Education for more than 35 years, and serving at Islamic Primary School since 2004, I wish to announce my retirement this coming August.

I would like to take this opportunity to pay tribute to my colleagues for their support, friendship, and exemplary models of how to serve faithfully with humility. I am more than delighted to have been the headmistress of this school. It has been a real privilege to lead such a committed team. I will always remember our shared laughter and joy, the struggles, the things we did, and our many achievements together. Aside from the dedication of our staff, I was also very impressed by the warmth of parents manifest in our frequent interactions throughout the years. For my students, every moment together was joyful and meaningful, to be treasured most dearly. I am truly grateful for every minute of my time here. As I leave, I am taking many of you with me. You will live on fondly in my memories.

Finally, I know that our school and the families of our community will continue to work hand in hand to provide a safe, engaging learning environment for our students to nurture them to become knowledgeable, productive, creative, and responsible members of a global society.

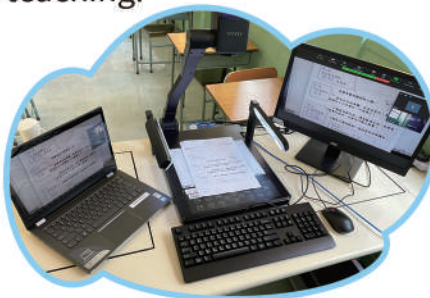

疫情期間的特別措施 “New Normal” School Life Special Arrangements for facing the epidemic

A. Zoom Lessons

In view of the coronavirus disease (COVID-19) epidemic in 2019, our school suspended all or part of the classroom face-to-face teaching activities at the beginning of the school year. During this period, our school tried to help students learn at home through Zoom lessons. In order for students to successfully perform the Zoom lessons, our school has the following arrangements:

- Each classroom is equipped with two computers, and the computer is connected to a projector, so teachers can effectively conduct online teaching.

During the class suspension period, the school applied for different programs such as the "Community Nursing Fund Assistance Program" and "Gleeful E-learning Journey". Free e-learning devices such as tablets or pocket Wi-fi devices were provided to the students in need for the online lessons. We appreciate the kind support and donations from organizations such as the Hong Kong Jockey Club Charities Trust and St. James' Settlement.

B. Face-to-Face Lessons

Starting in February we resumed face-to-face classes. We maintained the environmental hygiene of our school premises as far as we could to safeguard the health of our students. We hope that students enjoy their learning in a safe environment.

- During class suspensions, the school premises have been thoroughly cleaned and disinfected. After class resumptions, our school hired outsourcing services. The campus was disinfected regularly.

- A air purifiers were purchased for each classroom, and other common rooms to improve indoor air quality.
- Before students enter the school, they must use an infrared thermometer to measure their body temperature and ensure that they do not have a fever. After that, they must disinfect their hands with hand sanitizer.

C. Reading

The library is temporarily closed. In order for students to borrow books and develop a reading habit, in addition to actively promote online reading, the school has also made the following arrangements.

A mobile library (EC Book) has been arranged to the classrooms for students to borrow books.

Teachers will distribute the books directly to students to maintain social distancing.

The school purchased a new book sterilizer. Before putting the books in the mobile library, they are disinfected with a book sterilizer.

Books returned by students will first be disinfected and stored for four weeks before being available for borrowing.

D. Online Activities

Some home school activities and student activities have been changed to be conducted online to maintain safe social distancing. For example, parent lectures, parent workshops, Parents' Day, Parents' Member Committee Election, Chinese New Year Learning Day, etc.

Chinese Online Learning Platform for NCS Students

To develop our IT education, the school has taken the initiative to work in cooperation with RainbowOne and establish an online Chinese learning platform for P.1 and P.2 NCS students. The platform aims to provide effective Chinese learning from home.

The new platform demonstrates a novel, interesting way to learn Chinese! It improves learning interactions between teachers and students and increasing learning efficiency. Students can listen to texts with recordings of real speakers and learn different words by writing them following a word order. Numerous means of input are provided. The strength of the platform is demonstrated by the different exercises such as filling in colors and matching. Teachers are able to provide instantaneous feedback, mark and make comments.

Islamic Primary School is eager to take the initiative in developing e-learning to meet these challenging times. By encouraging students to learn Chinese on the online platform, their language foundations and abilities are developed. This Chinese online learning platform for the NCS in P.1 and P.2 is still in a trial period, and the scheme will be officially promoted in other forms in the next academic year.

With the platform, students can take the initiative to learn independently at their own pace.

My diary entry

Wow! Having a party with friends and family is fantastic and wonderful!

I had my birthday party in the school hall. My family and my friends were at the party. I ate a slice of cheese, some chocolate cupcakes, meatballs and sushi. I drank cola and iced mango juice. I played Monopoly with my friends, 'Who is the winner?' I asked the banker, Anna. 'Um, you are the winner!' she replied.

Everyone clapped happily.

My sister played the piano and my friends sang 'Happy Birthday' to me. I made a wish and blew the candle on my birthday cake. We played hide-and-seek. I was sitting on top of the world.

I ate my birthday cake with my family and friends. Having a party with friends and family is fantastic and wonderful!

A Detective Story

Yesterday at four o'clock, outside Tuen Mun Public Library, there was a woman who was walking out of the library. Suddenly, a man snatched her purse and ran away. The woman was very frightened and worried so she called a detective to help her find her purse.

The detective arrived at the library at half past four. The detective asked the woman to describe the man who stole her purse. She replied, 'The thief is a young man in shorts and shoes, with sunglasses and short hair.'

After an hour, the detective found three men who looked similar to the woman's descriptions. But the woman couldn't identify the thief because they all looked so similar.

The detective had a plan to search the pockets of the men. Luckily, they found the purse. The purse was in one of the men's pockets and the woman confirmed that it was hers so the detective arrested him in the end.

《難忘的一課》

二月九日，老師、同學和我在家進行網上農曆新年學習日，一起學習農曆新年的習俗。

當天早上，我們首先學習有關農曆新年的習俗，包括吃年糕、吃糖果和買年花。我感到很開心。然後，我們一起製作農曆新年掛飾，我製作的掛飾是一個紅色的「春」字掛飾，完成後，老師說：「真漂亮!祝你們身體健康!」我說：「謝謝你!我會把它掛在家中佈置，媽媽一定會感到很開心!」最後，我們抽獎。我抽到的禮物是一支原子筆和一把尺子，這份禮物十分漂亮，我感到很高興，真期待可以快些回學校領獎呢!

那天，我感到很難忘，因為這是我第一次參加網上的農曆新年學習日。

上星期一放學後，弟弟在街上買了一串魚蛋吃，弟弟說：「魚蛋很美味!」

回家後，他感到不舒服，媽媽緊張地問：「你吃了甚麼東西?我帶你去看醫生。」

到達診所後，弟弟看見醫生，醫生問：「你哪裏不舒服?」弟弟說：「我肚子痛!」

然後，醫生說：「我用聽筒檢查你的身體。」接著醫生幫弟弟探熱，醫生說：「你患了腸胃炎。」最後，醫生替弟弟打針。醫生提醒弟弟要依時吃藥和多休息。

這次，弟弟病得很嚴重，以後弟弟都會小心飲食，不會再吃小販檔的魚蛋了。

《我的表妹》

每當我走過家附近的游泳池，不禁勾起從前我教導表妹游泳的回憶。她乖巧的性格，讓我老是掛念她。

表妹看到朋友時，常常也會有禮貌地打招呼。她笑的時候，臉上會有一個小酒窩，十分討人喜愛。表妹乖巧、開朗，我常常也能看到她的笑臉。

還記得在表妹生日那天，我在游泳池裏教導表妹游泳。表妹下水的時候，身體繃緊的扭作一團，她不敢放鬆身體，緊張得眼睛都不眨動。突然，她遇溺了。幸好，救生員及時把她救起來。

休息了一會兒後，我再次教導表妹游泳，我提醒她不要緊張，慢慢地撥動雙手及划動雙腳，不一會兒，表妹終於放鬆地浮起來，她終於學會了游泳！我和表妹都高興得跳起來。

不是表妹乖巧地聽從我的說話，不是她乖巧地作出嘗試，她豈會那麼快就學會游泳呢！
